

Journey to Success

Developing a Personal Success Strategic Plan (PSSP)TM

Planning for success is much like planning a ROAD TRIP!

You need to know where you're going, why you're going, and how you'll get there. You'll also need to pack the necessary tools to ensure you're equipped for the ride and prepared for arrival.

Participants explore the Six Steps to develop a Personal Success Strategic Plan (PSSP):

1. Determine your **DESTINATION**.
Define what it means to be successful and understand why it's important to define it personally.
2. Identify Your **PURPOSE**.
Learn to identify, support and empower who you are in order to chart the best route to success.
3. Set Your **GOALS**.
Set goals to make the journey more meaningful and increase optimism, leading to greater fulfillment.
4. Develop Your **STRATEGY**.
Create an appropriate plan of action to accomplish goals, fulfill your purpose, and reach success.
5. Take **ACTION!**
Execute your plan using a positive attitude, self-motivation, and hard work to achieve success.
6. Evaluate Your **PROGRESS**.
Incorporate "checkpoints" into the journey to monitor and track how close you are to your destination.

Success is a major trip with scheduled stops and anticipated roadblocks and detours.
